ABOUT GIMS

Empowering Medical Education for Transformation

Affiliated to Atal Bihari Vajpayee Medical University, UP

Government Institute of Medical Sciences (GIMS), Greater Noida, is an autonomous tertiary care institute established by the Government of Uttar Pradesh. The institute is committed to providing affordable healthcare services to all sections of society and aims to be a leader in professional medical education and multi-disciplinary research. The institute houses a 630-bedded hospital with modern infrastructure, advanced medical equipment, well-equipped laboratories, and a Skill Lab. The institute has started MBBS (2019), DNB (2020), College of Nursing (2021), and Paramedical School (2021) & has also commenced MD this year. There are approximately 1500-2000 patients visiting every day, and more than 500 patients are admitted in the hospital. GIMS caters to a 60-bedded ICU and a 30-bedded Emergency.

GIMS VIDYA SETU

In line with its mission to build a competent healthcare workforce, GIMS has established GIMS VIDYA SETU (Skill, Education and Training Unit). This unit embodies the institute's ethos by offering structured skill development programs focusing healthcare professionals and young aspiring youth.

COURSE DESCRIPTION

Provides routine individualized care to geriatrics at hospitals/ home set up/old age homes/community centers etc. They assist in maintaining activities of daily living for geriatrics & work in collaboration with healthcare team, individuals and care takers to deliver the prescribed healthcare services.

Training Outcomes

- Discuss & verbalize the role of a Geriatric Care Assistant.
- List the basic healthcare needs of ambulatory conscious elderly people, non-ambulatory / bed-ridden frail elderly people etc.
- Build a comprehensive knowledge base on basic issues in geriatric care
- Enhance their skill and capacities in counsel and manage older persons who are at home, admitted in healthcare institutions
- Enhance their knowledge in resource management, advocacy and related to care of older persons
- Demonstrate techniques to maintain the personal hygiene needs of an elderly patient
